

# CSC CYBER SECURITY CONCLAVE-2024

Venue: The United Services Institution, New Delhi

Date: 24 May 2024 (10:00 am – 4:00 pm)

# ABOUT CSC

CSC SPV, or CSC e-Governance Services India Limited, is a Special Purpose Vehicle (SPV) established by the Ministry of Electronics and Information Technology (MeitY) under the Companies Act, 1956. Its purpose is to oversee the implementation of the CSC scheme, which provides citizens with access to e-governance services through internet-enabled Common Services Centres (CSCs).

CSCs are the access points for delivery of essential public utility services, social welfare schemes, healthcare, financial, education and agriculture services, apart from host of B2C services to citizens in rural and remote areas of the country. It is a pan-India network catering to regional, geographic, linguistic, and cultural diversity of the country, thus enabling the Government's mandate of a socially, financially, and digitally inclusive society.

## EVENT THEME

The event's theme, "Navigating Cyber Insecurity: Building Resilience in an Interconnected World" encapsulates the challenges and opportunities posed by the ever-evolving landscape of cybersecurity within our globally interconnected community. The theme acknowledges the complexity and uncertainty inherent in addressing cyber threats and vulnerabilities.

It underscores the need for organizations and individuals to navigate through a myriad of risks, spanning from emerging threats to existing vulnerabilities, in the digital realm.

Moreover, it emphasizes the importance of developing robust cybersecurity measures and practices to withstand and recover from cyber-attacks and disruptions. The theme underscores the interconnected nature of our modern society, where the actions and vulnerabilities of one entity can have far-reaching impacts on others.

# EXPECTED OUTCOME

Through engaging keynote sessions, panel discussions, and interactive presentations, the event aims to foster a deeper understanding of emerging cyber threats and trends. It also seeks to facilitate knowledge exchange and collaboration among industry leaders and policymakers, providing actionable insights and strategies for enhancing cybersecurity defenses and resilience. Ultimately, the event endeavors to inspire proactive approaches to cybersecurity governance and risk management, forging partnerships, and networks to strengthen collective cyber resilience efforts.

In conclusion, "Navigating Cyber Insecurity: Building Resilience in an Interconnected World" serves as a pivotal platform for stakeholders to come together, share perspectives, and chart a course towards a more secure and resilient digital future. By fostering collaboration and innovation, we can collectively confront the challenges of cyber insecurity and emerge stronger and more resilient than ever before.

## REGISTRATION PROCESS

To register for this informative and relevant conclave on Cybersecurity, please share your details using the following link:

**[https://forms.gle/gBBMqazYB66XytZ56.](https://forms.gle/gBBMqazYB66XytZ56)**

Don't miss the opportunity to enhance your understanding of the latest cybersecurity trends and strategies.
